

The Screenplay: Authorship, Theory And Criticism

In one of the first serious critical and theoretical studies of the screenplay, Steven Price looks at theories of authorship, modes of textual production and the formal elements of screenwriting, taking the reader on a lively and engaging journey through a relatively underexplored genre. Steven Price explores a wide array of issues associated with movie scripts in this thorough-going study. Discussions in *The Screenplay* range. After decades of neglect, the screenplay is finally being recognized as a form of the theory and practice of screenwriting with new approaches to criticism and. Authorship, adaptation, the process of script development and publication are all considered in depth. This book is the first to combine detailed study of the theory and practice of screenwriting with new approaches to the critical analysis of the form, structure and dialogue of the screenplay text.
